Is there hope for a messed-up pastor's wife? She can't figure out who she is or what she's supposed to be doing, but she's expected to be a leader in the church. What would happen if the truth came out—about how conflict and bitterness make her want to stay at home on Sunday mornings in her pjs and how her own struggles with anger are compounded by having a spouse who is never home? *Whole* offers an authentic look at one woman's journey to hope and wholeness.

This is a book for pastors' wives and women in ministry leadership who struggle with their roles, their families, and their ministries. *Whole* offers hope and encouragement to those women who are looking for authenticity in their lives. This book also provides insight for anyone who has ever wondered what leaders struggle with and how they might pray for them.
